

FIELD VISIT- RWH PROJECT IN TOBANG, CHITWAN

Date: 3rd – 4th Nov, 2018

9 months back we were for rainwater harvesting (RWH) activities at Tobang Village after completing RWH activities in Bhulbhule B School. Our plan is to build RWH tank for 33 households within a year. These whole activities divided into 3 phases. 11 tanks will build in each phase where we already start works for first phase and identified households.

Two clusters of Tobang village i.e Birpati and Bijog Danda will be covered by 11 tanks during this 1st phase of project (green icons in Map). 11 tanks will be constructed in next phase from Thaites Danda (yellow icon in map) and remain 11 tanks will be constructed in last phase at Kotari (red icons in map).

7-member user committee has been formed from 33 households' members. In coordination with this user committee KN will execute its project activities. During the first meeting, name of 11 households' members also announced from where RWH tanks construction will start. Members are ready for contribution from their side during the construction of RWH tank. Mr. Jhamka B. Magar, Chairperson of RWH management committee signed TOR to start RWH project.
